

S.E.M.CO have supplied and manufactured a full range of storage racking products for many years

Our range is extremely hard wearing and durable – we aim to offer our customers competitively priced flexible solutions without compromising on quality or design.

As a total storage solutions provider, we visit your site to assess your individual storage requirements which enables us to ensure that we are fully optimizing the storage space available whilst minimising labour requirements and provide our recommendations to you.

We will guide you through the entire process from design, specification, manufacture, supply and installation of your storage equipment – a complete concept-to-completion service.

This may require a bespoke design and manufactured product or where a fast turnaround is a priority, we are often able to offer a very rapid service from our readily available stock.

Distribution Centre

Based in Staffordshire, our 10,000sq ft distribution centre is well placed for delivering anywhere in the UK. We hold a comprehensive range of quality storage products in stock that are specifically designed and manufactured to meet the storage needs of any warehouse, shop or yard.

Factory

Our new purpose-built factory is equipped with the very latest plant and machinery ensuring the highest quality products, shorter lead times and fast turnaround of bespoke manufactured racks.
